

Job alert: we're hiring an IT Developer

Do you want to work at the heart of the European Union? Are you looking to join a young, dynamic, and multicultural environment? Are you passionate about web technologies, CRM systems, and digital platform development? If so, it's the right time to join our team at European Business Summits (EBS).

IT Developer

Starting Date: As soon as possible

European Business Summits is a renowned Brussels-based organisation that facilitates networking and multi-stakeholder debates.

Our purpose is to achieve the greatest impact on policy-making processes by bringing together business leaders, policymakers, civil society experts and opinion formers to stimulate diverse thinking on the most challenging global issues.

We are looking for an IT Developer to support the management and development of our internal digital platforms, CRM systems, and websites while ensuring smooth day-to-day IT support across the organisation.

Main tasks

- Develop and support internal and external web platforms, ensuring functionality, performance, and user experience.
- Provide day-to-day IT support to internal teams, including troubleshooting technical issues and assisting users.
- Maintain and improve the company CRM platform and related digital tools.
- Coordinate website updates, integrations, and platform enhancements in collaboration with different departments.
- Monitor system performance, security, and data integrity across digital platforms and applications.
- Propose and implement innovative technical solutions to improve workflows, automation, and operational efficiency.

Your profile

- 3-4 years of experience in IT development, CRM management, web development, or similar positions.
- Proven experience in developing and managing websites, platforms, or digital tools.
- Ability to present and demonstrate tools, websites, or platforms developed in previous roles or freelance projects.

EUROPEAN BUSINESS SUMMITS

- Good knowledge of CRM systems, website management, databases, and web technologies.
- Strong problem-solving skills with the ability to work independently and manage multiple priorities.
- Professional-level written and spoken English is mandatory; French is preferred.
- Excellent communication and organisational skills with a proactive and solution-oriented mindset.
- Ability to work in a dynamic, fast-paced, and international environment.

What we offer

- We offer a full-time/part-time contract and a competitive salary package in line with your skills and level of experience. Freelance collaborations may also be considered.
- The opportunity to work in a dynamic, international, and fast-paced environment.
- Direct involvement in the development and optimisation of digital tools and platforms supporting high-level international events and stakeholders.

How to apply?

- To apply, please send your CV, a one-page cover letter, and, if possible, a portfolio website or links to websites you have developed to recruitment@ebsummit.eu with the email subject **IT DEVELOPER – JOB APPLICATION**.
- Please note that only shortlisted candidates will be contacted.
- Applications will be accepted on a rolling basis until the position is filled.
